

“Officer, we’ve been robbed!”

Four words that will change your life forever

Armed Robbery Awareness Program

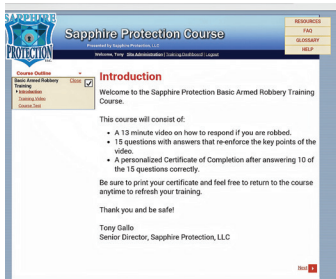

What can you do to make your employees and customers safer?

While there are numerous benefits to robbery awareness training, it cannot and will not stop an individual from robbing you. However, Sapphire Protection has developed an “Armed Robbery Awareness Program” which will educate and train employees in effectively dealing with an armed robbery if one should occur. In addition, the program is designed to assist the store in getting back to normal business operations as quickly as possible after a robbery.

Our Program

1

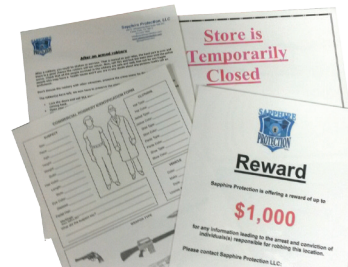

Employee Online Video & Quiz Awareness Course

2

Floor Plan Review of the Security at your Location

3

Post-robbery Instruction Folder

4

Post-robbery Support after a Robbery Incident

Benefits:

- Educating your employees on the best practices to minimize the risk of injury and loss during a robbery. Our program ensures that your business operates with employees trained in basic armed robbery awareness.
- Continue development of your employees is important to their success and happiness.
- Increased suspect apprehension by following approved post robbery procedures.

Registration Details - The cost of this program is only \$240, which should more than pay for itself with just one properly handled incident.

To register for the course, please go to the Client Sign Up tab at www.sapphireprotection.com or fill out the order form on the back. Contact Us • 817 520 3315 • info@sapphireprotection.com
